In just 2–5 days, you can get the tools you need to upgrade your career, or take off in an exciting new direction.

UCLA Extension’s short courses offer intensive training in a variety of cutting-edge technical fields, giving you technical and practical knowledge you can apply immediately. Our world-class instructors are culled from the top ranks of industry and academia, so you get relevant, real-world education from experts in the field.

For more than 50 years, UCLA Extension has presented technical and management short courses for engineers, IT professionals, and technical managers seeking to keep abreast of new and rapidly changing technologies.
